I. Overview

Functional Organization

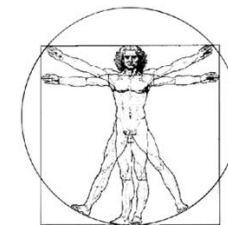

european capacity building initiative
ecbi

The mission: to ***build trust*** both between the Fellows (senior developing country negotiators) and their European colleagues (‘North-South trust-building’), and among the Fellows (‘South-South trust-building’). Its aim is to help participating negotiators ***to understand each other’s positions***, to ***develop their own positions***, to ensure they have better information and can use it more effectively, as well as to support participating woman negotiators to enable them to be more active in the UNFCCC process.

Functional Organization

* Formerly “Workshop Programme”

The mission: to help negotiators from vulnerable developing countries in the UNFCCC negotiations to ***increase their negotiating skills***, increase ***their capacity with better information*** and help them in ***using that information more effectively***, aid them in developing positions, with the support of the ecbi. The TSP also aims to support women delegates from those countries and enabling them to become more active in the negotiations, and help national level policy makers to be better informed about the UNFCCC process.

Functional Organization

Gender Strategy Implementation

The Way Forward

The position of *Gender Strategy Monitor* (GSM) has been created to provide advice and guidance to the ecbi Executive Committee on possible improvements and on implementing the ecbi Gender Strategy (GS).

To do so, the GSM will:

- periodically review the GS
- work with the ecbi Independent Monitor in monitoring the implementation of the GS;
- advise and provide support to ecbi members and their staff on how gender considerations can be addressed at activity-level and at every stage for each of ecbi's activities; and
- proactively engage with organizations who work on gender issues, including women's organisations; women delegates in UNFCCC and related processes
